- Do not place anything on top of the tablet that could put pressure on the screen.
- Do not touch the screen with sharp or foreign objects.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or papers).

- Do not “bump” the tablet against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

### **3. USING YOUR TABLET AT SCHOOL**

Tablets are intended for use at school each day. In addition to teacher expectations for tablet use, school messages, announcements, calendars and schedules will be accessed using the tablet. Students will be responsible to bring their tablet to all classes, unless specifically advised not to do so by their teacher.

If students leave their tablet at home, they must immediately phone parents to bring them to school. Repeat violations of this policy will result in disciplinary action.

#### **3.2 Tablet Repair**

#### **3.3 Charging Your Tablets Battery**

Tablets must be brought to school each day in a fully charged condition. Students need to charge their tablet each evening. In cases where use of the tablet has caused batteries to become discharged, students may be able to connect their computers to a power outlet in class. Students can also inform the Technology Department where they may borrow a battery. Students must return borrowed batteries to the Technology Department by 3:00 p.m. each day. Repeat violations of this policy will result in disciplinary action.

### 3.8 Inspection

Students may be selected at random to provide their tablet for inspection.

## 4. MANAGING YOUR FILES & SAVING YOUR WORK

### 4.1 Saving to My Documents/Home Directory (Z:)

Students will be logging onto our network in order to back up their work. Students will have their own user account and folder on the network with ample space to back up any school-related work. Student server files are subject to disk quotas.

The tablets will be set up with a My Documents/Home Directory (Z:) in which students should save their work. My Documents/Home Directory (Z:) will automatically save a copy of all student documents saved to the My Documents/Home Directory (Z:) to the high school server while they are on the high school network. When a student adds a document to the My Documents/Home Directory (Z:) folder while working at home or away from school, that document will be copied automatically to the server when the student logs onto the network at school. When students turn on their computers upon returning to school, they should allow the syncing process to run and not stop it before it is complete.

Additional folders in the My Documents/Home Directory (Z:) may be created or added by the student. All student work should be stored in one of the My Documents/Home Directory (Z:) folders. Only files stored in the My Documents/Home Directory (Z:) will be automatically backed up and saved. Student work saved to a different location on the computer will not be saved to server.

## 5. SOFTWARE ON TABLETS

- The software originally installed by the Technology Department must remain on the tablet in usable condition and be easily accessible at all times.
- All software will be district provided.
- Student will not be allowed to install software or plugins.
- The use of peer to peer sharing software and websites is prohibited.
- The downloading of games on the tablet is strictly prohibited and disciplinary action will occur if these are found on student computers. Students are not allowed to transfer games or any other personal file through network share folders.
- Modifications to the operating system is prohibited.
- The technology department will perform any and all software upgrades.
- If technical difficulties occur or illegal software is discovered, the tablet will be re-imaged. (All files in My Document/Home Directory (Z:) will be restored and any other files will be lost.)
