

STAFFING FORMULA FOR COACHES

All coaches must be certified by the PTSB. A minimum number of coaches will be hired for all sports and all levels. The formula below will be used to determine the need for an extra coach in the listed activities. The number coaches for other activities will be approved by the Superintendent.

Once the participant numbers indicate the need for another coach, a two week grace period will occur to see if the numbers remain above the “add a coach” formula. An extra coach can volunteer during the two week grace period at no pay. If the numbers remain over the “add a coach” formula, the extra coach may be hired and paid retroactively to their first practice day as an assistant.
