

## Laramie County School District No. 2

Please visit <http://www.laramie2.org> to view the student handbook before signing and returning this form.

The handbook includes network/internet acceptable use guidelines. The student Chromebook Handbook can also be found at [https://www.laramie2.org/docs/district/technology/chromebook\\_handbook.pdf?id=7065](https://www.laramie2.org/docs/district/technology/chromebook_handbook.pdf?id=7065). Please verify that you did view the student and chromebook handbooks and have read or are aware of all of the contents.

### Laramie County School District No. 2 Website

Laramie County School District Number 2 hosts a district website at <http://laramie2.org> for educational purposes. This site may feature students from the classroom and/or activities. To honor student achievement we may use the featured student's name, likeness or voice.

I give my permission for the District and/or any of its employees, the right and permission to use my child's name, likeness, or voice, or all to be recorded and exhibited as still photographs, transparencies, motion pictures, television, video (videotape recordings) or other similar media, including internet applications.

### Student Internet Use

The Internet has become an important educational research tool that is used world-wide. Many classroom projects may depend on information available on the Internet. Information that once was available only in the latest edition of an encyclopedia can be accessed as soon as it is published on the Internet. Laramie County School District 2 subscribes to several Internet resources that allows students powerful research capabilities.

Before any LCSD2 student is given access to the Internet, he/she will be given instruction in the district's Acceptable Use Policy as found in the student handbook. Such instruction will cover what are appropriate uses of the Internet in the school setting. Many web-based programs are used in the curriculum at LCSD2. **All students** will have access to programs that are necessary to complete coursework.

If a parent wishes a student to be excluded from Internet access for the purpose other than coursework, which would limit the student's ability to research, the parent should complete the form below and return it to the school.

*(Sign request below only if you **DO NOT** want your child to have internet access)*

I request that \_\_\_\_\_ be excluded from access rights to the Internet for the current school year at Burns Jr/Sr High School.
