***New State and Federal Race and Ethnicity Re-identification for all Staff and Students**

We are required by law starting with the 2009-2010 school year to collect data by race/ethnicity. We must report this information to the state. The state does not report the individual data to the federal government but does report the total number of staff and students in various categories in each school.

The federal government changed the reporting categories to separate race and ethnicity. All staff and students must answer two questions, one regarding race, the other ethnicity. You may now identify yourself by ethnicity (either Hispanic/Latino or not Hispanic/Latino) AND by one or more racial groups (American Indian/Alaska Native, Asian, Black/African-American, Native Hawaiian/Other Pacific Islander, White).

To comply with the federal reporting categories please answer both questions.

You will notice if you answer yes to Hispanic/Latino in question #1 you must select a race that will most closely identify you with the 5 choices. If you select no to #1 you must select at least 1 of the races but multiples will be accepted.

1. Are you Hispanic/Latino? (Ethnicity)

Yes No

2. Please select one or more of the following Races

American Indian/Alaskan Native

Asian*

Black or African American

Native Hawaiian or Other Pacific Islander*

White

* Asian and Pacific Islander are now two separate reporting categories

Ethnicity: Relates to cultural factors such as nationality, culture, ancestry and beliefs.
