

LCSD#2 COVID-19 District Case Dashboard

Last Update September 13, 2021 2:30 pm

Please note that only total case counts at a school will be provided. In order to protect personal student/staff health information, specifics such as class, grade level, or breakdown between students and staff will not be posted.

** Health officials have noted that the bulk of transmissions appear to be community level spread (after-school social and family interactions), as opposed to school spread transmissions. Mitigation practices will continue at schools, but we also rely on students, families and staff to adhere to County and State health orders outside of school, including: avoiding large group gatherings, social distancing and wearing a mask when social distancing is NOT possible.

**Current
Active Cases
District Total** **12**

**Individuals In
Quarantine or
Isolation
District Total** **57**

This dashboard does not update in real-time. The totals reflect the information available to the District at the time of the last update (listed above). Due to processing time and reporting requirements, there may be a delay (particularly during weekends and school holidays) between when a parent/guardian is notified of a positive case or quarantine and when that positive case or quarantine is reflected in the totals below.

Active Cases: The number of District students and staff reported as testing positive by the local Health Department. A case is considered "active" for 14 days from when it is reported to public health.

Individuals in Quarantine or Isolation: The number of students and staff who have been directed to quarantine or isolate by the local health department. This total does include those considered as active cases but does not include those who choose to self-quarantine.

School	Active Cases	Recovered Cases	Individuals in Quarantine or Isolation
Albin Elementary	1	NA	3
Burns Elementary	3	NA	30
Burns Jr/Sr High	1	NA	9
Carpenter Elementary	0	NA	1
Pine Bluffs Elementary	2	NA	6
Pine Bluffs Jr/Sr High	3	NA	7
